

# May Diary 2007

## Vicar's May Jottings

I feel I've written so many reports and documents recently and I know I'm not alone! So I want to urge you to take time to read the Annual Report and realise how many people are doing such a variety of good things. If you find something excites you then pray for it with thanks, take time out to talk with and appreciate those involved, and ask if there's any way you can help. Read through this diary and use it to guide your prayer every day.

This month begins with the Flower Festival & Songs of Praise which are part of the HT Centenary Celebrations. There will be around 50 displays from local & church groups! Whether flowers are your thing or not please encourage people to come along. This is such a good opportunity for people from our community to step over the threshold and connect with church as building and people. In a similar way, the Holiday Club at the end of the month is a quite different opportunity to be visibly active and vitally connecting with families and children around here with the joy and excitement of Jesus. Thanks to all those who are working to organise and run Flower Festival and Holiday Club.

A church may not be primarily a building but it's at our peril that we take our bricks and mortar for granted. Be it Flower Festival or Holiday Club or 20:20 our buildings are part of our Mission. We're just beginning to help them speak the up-to-date language of our Vision. Last year it was St Saviour's that began the makeover, and now the latest changes planned are a ramp into HT Church and a toilet block onto HT Hall. These projects are likely to have a combined cost of over £50k and the toilets, at least, we hope to complete this Summer.

So this is the beginning of an appeal for your money for our buildings. Please give generously what you can. We want those who come after us to have cause at the bi-centenary to celebrate what we have passed on to them and build upon all that we and our children will have been able to share of Jesus through our missionary buildings.

Nick Grew
