

October Diary 2006

Vicar's October Jottings

Some of us had a meeting with an architect to consider the way forward for our buildings at HT. This is what I wrote the next day (unchanged) – drop me a note if you agree.

When challenged what kept him with Jesus, Peter said, "you have the words of eternal life". These words were in my mind as I woke reflecting upon our buildings. I want people in our community to know instinctively that this is a place to come because it's where they find the words of eternal life. They find them in the activities that happen here because they are relevant and life-giving; they find them in the buildings themselves and in the people.

And I want those who know Jesus or come to know him here, to be equipped by this place - worship, teaching fellowship... - to go out with the words of eternal life to all the places God takes them, to express them through their lifestyles, actions of love and speech.
